Site Visits

MEETING DATE: Thursday, March 26, 2016

MEETING TIME: 9:00 am

MEETING LOCATION: Salisbury Town Pier

We plan to review three locations for possible future use of Harbormaster operations. The locations are: Town Pier, the former MBTA property and the State Reservation. I think it would be helpful for us all to actually physically look at these locations and gather everyone's ideas for potential and best use. We estimate about 30 minutes time at each site and plan to visit them in the order above.
