Birdfeeder at Beach Skatepark

Resident Mike Reed would like to install and maintain a birdfeeder at the Beach Skatepark.

PRC approves contingent on the understanding that the uninstall is temporary, PRC reserves the right to request removal, the install is zippered vs permanent, and only one bird box is permitted.

Ledvance Grant

Resident, Jodi Valanti, successfully applied to her company for a community grant to install a footbridge to the PBP Playground. Vallanti, Pearson, and Roketenetz met on site to discuss plans. There is a temporary bridge located not far from the site that is no longer in use and could potentially be repurposed for this use. Pearson was to meet with engineers to determine the measurements.

Park Updates

Park Projects ○ Camera update

Park Updates

- Partridge Brook Park ○ Submitted bids are significantly higher than originally anticipated.

- Pearson will be scheduling a build day for the next phase of the Playground
- RFP drafted for PBP Concession
