

Please be aware that there is a water main break on Ferry Road, from 124 Ferry Road to 136 Ferry Road, including Sweet Apple Tree Lane, Longmeadow Drive, and Samantha Way. At this time, residents living in this area will not have water as crews work to repair this break. Water is expected to be restored within 6-8 hours. When water is restored, it is normal for it to be cloudy in appearance. This is due to sediment build up. To clear up the water, please run your tap for a few minutes to flush the water line. If you have any questions or concerns, please do not hesitate to contact Pennichuck Water Service Company at 1-800-553-5191, or the Department of Public Works at 978-462-7611. We thank you in advance for your patience and understanding.
