

Guidelines for the Salisbury Community Garden 2020

- I will pay the fee to help cover garden expenses, including water. This fee is non-refundable. The fees vary according to plot size: 30' x 15'=\$40; 15' x 15'=\$30; 4' x 12' raised bed=\$150. There is also an additional, refundable \$15.00 abandonment fee. This fee will be utilized in the case of gardeners abandoning their space during the season and not clearing the space first, as required. If a gardener chooses to not return the next year and cleans out their garden space, this \$15 fee will be returned. If a gardener does return from year to year, the fee will roll over.
- I will not plant invasive, illegal or poisonous plant species.
- The gardener must be present when watering. Do not leave the water unattended. Sprinklers are not allowed. All hoses must be returned as found.
- If you must abandon the plot, please notify the Community Garden Committee.
- Kids are a wonderful addition to the garden and we encourage them. However, supervision is important at all times.
- No littering or dumping. Salisbury Community Gardens are a carry in and carry out facility-trash free.
- Harvest only from your plot.
- Gardens must be kept relatively free of weeds and weedy vines; this includes the walk adjacent to your plot as well as fences.
- Gardeners should visit and maintain their plots at least once a week, or arrange for another gardener or friend to oversee their plot when they are out of town or on vacation.
- Plots are non-transferable.
- Permanent structures are prohibited.
- Gardens are open dawn to dusk, seven days a week.
- No unauthorized expansion of your plot or encroaching on other plots.
- Plots are assigned on a first-come, first-served basis.
- Salisbury residents and existing gardeners will be given first priority, but the Salisbury Community Garden is also available to residents of other communities.
- If plots become neglected, you will be given 2 weeks' notice to clean it up. At that time, it will be reassigned or tilled in.
