The Planning Dept., Assessors, Selectmen and ConComm have been working toward getting all the information gathered to apply and everything is ready to move forward, but a letter signed by the Chairman has to be included.

Motion by Selectman Beaulieu, Second by Selectman Hunt; unanimously voted to have the Chairman sign the letter as requested.

V. Comments by Visitors

Bob White – 11 Atlantic Ave. – spoke about the Sidewalk Café and the safety hazard it presents in its present condition; there are holes in the roof, kids go up there drinking, playing ball and Frisbee and someone is going to get hurt. He made some suggestions as to what could be done with the property once the building is demolished and he asked the Selectmen to make sure there are no problems and that permits are not held up.

Paula Moore – No. End Blvd. – said that she had mentioned a month ago about the possibility of the Town adopting the local meals tax option and stated that Salisbury is leaving about \$200,000 on the table by not having the additional tax. She feels Salisbury could benefit by it and would like the Town to take advantage of it instead of raising taxes.

Chuck Colburn, representing the Lions Club, announced that a blood drive will take place this Friday at the COA from 1 – 6 PM.

Lou Masiello – No. End Blvd., representing the Democratic Committee, announced that they have had a food drive at the Town Meeting for the past 6 years to help the Pettengill House and they will be doing so again this year, and urged everyone to bring perishable items with them to the Town Meeting.

Tom Saab – Citizens for a Change said he is sure everyone is aware of what the State did last week bringing the sand to the center and then on No. End Blvd., but then ran out of sand and the residents from 170 – 260 No. End Blvd. didn't receive any. He believes the Town "dropped the ball" and nobody took the initiative from the Town to check and see what was going on and he feels the Town has to be more active. Chairman Richenburg said the Board of Selectmen and Town have been very active in the whole process. Mr. Harrington said the last time the Conservation Agent and Chairperson of ConComm talked about the restoration project proposed by DCR, several people objected to the Plan DCR put forward and he pointed out that Ms. Rowden explained that the Town cannot tell DCR where to put the sand, but can tell them where not to put it. Mr. Harrington said nobody is happy about the situation, including Rep. Costello, but that the Town has not dropped the ball – DCR did not have a good plan and they didn't apply for an adequate amount of sand. The Town cannot tell them how to harvest the sand or how much to harvest. Mr. Saab asked where one goes from here for the areas that are in danger and need sand, and he asked if there is another mechanism to get sand. Mr. Harrington said Salisbury Beach is the State's

property and it up to DCR to get more sand. Selectman Hunt said he attended a meeting where the State talked about how to get more sand. He suggested scraping sand that is up against the jetty. Another area would be west of Atlantic Ave., where there is a lot of sand and he suggested the State take that sand and fill in areas of need on the beach. He said that the State knows we need more sand and he hopes that Rep. Costello will be able to secure the funds. Selectman Knowles urged Mr. White's group to continue to push DCR to get the Sidewalk Café torn down.
